

Product Bulletin 20

Product: StorNext® 2.7 and 2.8

Summary: References to fsaudit in the StorNext documentation are no longer valid

Date: October 2006

Problem: Starting in StorNext 2.7, the fsaudit binary is no longer part of the StorNext product. The Release Notes for StorNext 2.7 and the StorNext System Administrator Guide for both StorNext 2.7 and 2.8 contain references to fsaudit.

Solution: Please ignore references to fsaudit on the following pages of the StorNext System Administrator Guide for both StorNext 2.7 and 2.8:

- Page 13 (Table of Contents)
- Page 258 (Storage Manager Commands)
- Page 318 (Index)
- Page 320 (Index)

Also ignore references to fsaudit on page 17 of the Release Notes for StorNext 2.7.
