

Product Bulletin 22

Product	StorNext® 2.8
Summary	StorNext 2.8.1 adds support for the WTI IPS-800 Internet Power Switch.
Date	January 2007

Problem: The WTI RPS-10 Remote Power Switch supported by StorNext 2.8 in high-availability configurations is not compliant with the EU RoHS (Restriction of Hazardous Substances) directive.

Solution: Use a WTI IPS-800 Internet Power Switch in new high-availability installations, or when replacing an existing WTI RPS-10 Remote Power Switch. To use the WTI IPS-800 Internet Power Switch with StorNext, you must upgrade to StorNext 2.8.1 or later.

Purchasing a WTI IPS-800 Internet Power Switch

To purchase a WTI IPS-800 Internet Power Switch, contact your equipment reseller, or contact WTI at: www.wti.com

Obtaining StorNext 2.8.1

To obtain StorNext 2.8.1, contact the Quantum Technical Assistance Center. Be sure to specify your operating system and hardware platform.
