Product Bulletin #DM4

Summary:	**IRIX 6.5.10m operating system not supported**
Product:	**DataMgr™ Version 3.6.1**
Operating Systems:	**IRIX 6.5.10m**
Date:	**March 26, 2002**

Notification

DM 3.6.1 will not support IRIX 6.5.10m as stated in the DM 3.6.1 release notes.

An IRIX bug (841143) was found that keeps DataMgr from starting.

No IRIX patch is planned for 6.5.10m.

ADIC recommends that DM 3.6.1 be kept at 6.5.9m or below.
